次の英文を読んで、1 から 5 までの問いに答えなさい。

Long ago an ox and a horse worked for a farmer. Every day they got up early in the morning, and worked very hard in the field. In the evening the two came back to the stable. They were tired after the hard work in the field.

One night the ox said, "Horse, we work too hard every day. I know how to get out of this hard work. I'll tell you about it." "How?" asked the horse. "It's easy. If we pretend to be sick, we can lie here in the stable all day and do anything that we want to do." But the horse was diligent, and he said, "① You may do that, but I will go to work."

The next morning, when the farmer came into the stable, the ox was lying in bed and pretending to be sick. The farmer looked at him, gave him some food and water to drink, and let him lie there.

The ox was very happy because he had no work to do. In the evening the horse came back to the stable, and soon the ox asked him, "How was the work today?" "The farmer and I worked very hard, but we couldn't finish it," said the horse. "Did the farmer ask about me when you worked in the field?" "No, he didn't say anything about you," answered the horse. He was very tired and went to bed early that night.

The same thing happened the next day, and in the evening the ox asked again, "How was the work?" "About the same as yesterday," answered the horse. ② The horse was too tired to eat much food. 'Oh, I have an ox which can work very hard,' said the merchant. 'But I don't have enough money,' said the farmer, and ④ that was the end of the conversation," said the horse. The ox said to the horse, "I'm... I'm very sorry."

The next day the farmer was very happy, because the ox was working hard with the horse in the field. "Are you all right, Ox?" asked the farmer. "Yes, I am. Let's finish the work today," said the ox.
